ADMINISTRATION

"He joyed of life's pleasures
All he could find;
Yet richest the treasures
He found in his mind."

— GELETT BURGESS

We, the class of 1952, find it difficult to express our gratitude to the faculty for successfully guiding us through our high school days. Their ideals of loyalty and cooperation have become our ideals; their enthusiasms have inspired our enthusiasms; their friendly suggestions and keen interests have become a stepping-stone to our future.

These are the things of life which are some of its greatest treasures — treasures that will never lose their value.

Because of the graciousness and warmth of wisdom of our faculty, we owe love and respect to them; in turn we hope to claim love and respect from them.

When in later years we come back again in thought to our school days, we shall first think of our advisors, principals, teachers, and classmates. These are the richest treasures laid up for the future.

We, the Staff of the 1952 Tahian, do hereby dedicate this book to the following persons:

To Mrs. Myers, who has been a home room advisor of the Commercial section of the class of "52" for two years, in appreciation of her untiring interest in the class, her excellent teaching, and her many ideas, which have helped to make a success of most of the class activities and projects during the school years.

DEDICATION

To Mrs. MacDonald, as a token of our appreciation for her earnest supervision in class activities, her sympathetic guidance in settling Senior problems, and the unselfish devotion that she has shown to the interest of the class.

SENIORS

Seniors

"Memory is the treasury and guardian of all things"
Cicero

On September 4, 1951, we came back to T.H.S. for the fourth and final time. Although we were coming back to the same school with the same frame of mind, there was a distinct difference. This difference was that we had finally attained the name "Seniors"

At last we have learned that dreams can come true and through work an ambition can be achieved. With work and play there comes a sense of responsibility, and with this we have willingly assumed the privileges, duties, and deeds which are required of a Senior. Being conscious of this we shall always treasure the memories of T.H.S. that comfort and inspire us.

It was hard to conceive the idea, while working on the *Tahian* we were writing the last chapter to our so-called high school days. But while closing the last chapter of our book, we saw another book coming into existence. This book will contain our future as adults.

"these are our treasures that remain".
Holmes.

Each year of school life is characterized by some outstanding event. The beginning Junior High classes learn the customs, responsibilities, and privileges which are treasured by us as high school students. After becoming familiar with the new surroundings at the High School, they then begin to participate in many activities throughout the school year. the eighth and the ninth grades diligently study phrases of "Our Community" and "Our American Heritage", as well as enthusiastically take advantage of the many activities open to them.

School life is brightened for Sophmores by class trips, dances and participation in extra curricular activities.

The high lights of the Junior year are receiving school rings and the Junior - Senior Prom. Juniors look enviously at privileged Seniors but they can only understand these privileges and responsibilities when they, in turn, are ready for graduation day.

ORGANIZATIONS

"Where your treasure is there will be your heart also."
Matthew.

Activities help make school days bright. It is through our extra-curricular activities that the monotony of class after class is reliered. A well-balanced program gives ereryone an opportunity to express his own personality.

Club activities give an outlet to youthful energies which need to be directed into useful ways. Not only do clubs and organizations help the school but they are often useful in community projects.

The individual, too, benefits by the development of aesthetic values. It is through our hobbies and interests that our life work is often chosen.

Life is neither all work nor all play. We must try to find a place for ourselves in a troubled world and for this we need a rich background of experiences that will fit us for a place of usefulness and leadership.

WE MET OUR DEADLINES...

TANEYETTE STAFF

The introduction of a journalism class in T. H. S. was beneficial to the students who have willingly worked on the Taneyette. However, outside time must be spent in gathering information and material. With Mrs. MacDonald's untiring efforts, the staff was successful in meeting the deadlines for the four issues of the paper.

TAHIAN STAFF

From December to March the whole student body in T. H. S. was made Tahian conscious at various times. For several days Seniors, underclassmen, and teachers dressed up for portraits and group pictures. There were also drives for advertisements, boosters, and subscriptions. But behind the scenes other tasks such as copy reading, sorting pictures, comparing ideas, typing, writing, and rewriting were slowly and laboriously going on.

...AND THE PRESSES ROLLED

STUDENT COUNCIL

To create leadership, to induce co-operation between students and faculty, and to improve the school generally, the Student Council meets every Thursday. Having joined the Central Regional Division of Student Councils last year, this year we joined the Maryland Association of Student Councils.

One project which is very beneficial to the school is the sale of T. H. S. notebooks. Setting up a court was a big step in developing the efficacy of the organization.

PATROLMEN

T. H. S. bus drivers are assisted by certain students selected to maintain safety at all times. The efficiency of these patrolmen is largely responsible for the low accident rate. They are rewarded by the satisfaction they gain from serving their school and the respect they receive from those associated with them.

ORCHESTRA Under the new direction of Mr. Kersey, the orchestra offers pleasure and cultural opportunities for those interested in instrumental music. Also, it has been possible for every student in school to enjoy music rendered by this group from time to time. Several of the members have attended Carroll County Orchestra and the All-Maryland High School Orchestra.

MIXED CHORUS One of the most active musical groups in the school is the mixed chorus composed of music-lovers from the tenth, eleventh, and the twelfth grades. The chorus participates in P. T. A. programs, student assemblies and community functions. The goal of each member is to join along with the other Carroll County schools in the annual Eisteddfod. There is hardly a day when the chorus is not preparing to present some entertainment for a special event.

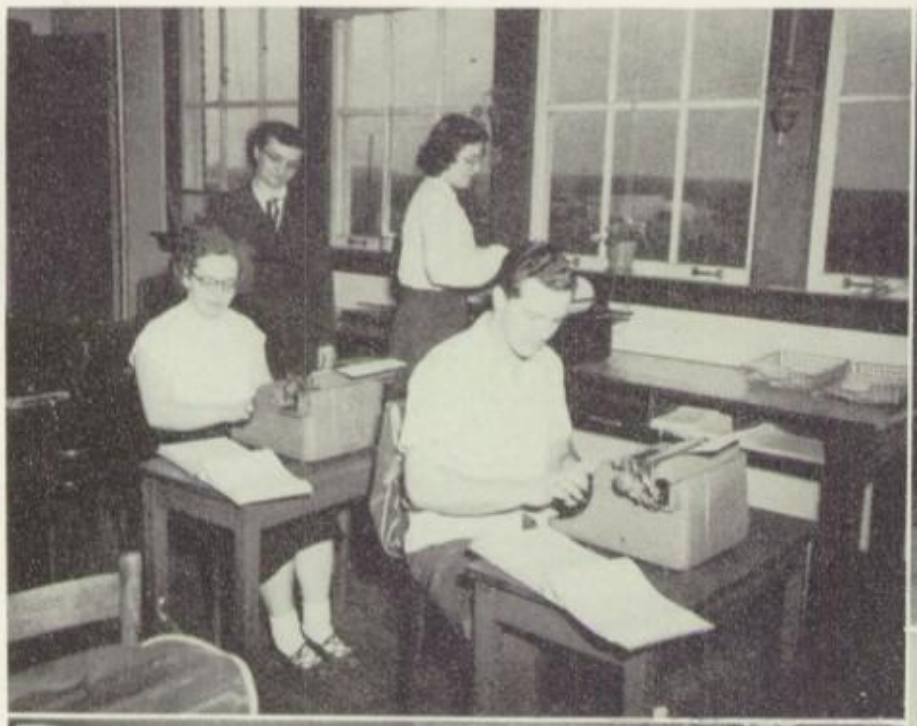
A young men's organization in T. H. S. working on a number of service projects and trying to develop leadership, initiative, and virility is the KEY CLUB. Sponsored by the local Kiwanis Club, and with the Lions' Club as an underwriter, the Key Club has projected itself into the community. Though still a very small club, it has gained recognition and praise.

T. G. A. A.

The Taneytown Girls' Athletic Association was established for the purpose of promoting athletics, creating a love of sports, and fostering ideals of good sportsmanship.

WORK AND WORKERS IN T. H. S.



ATHLETICS

"Nothing now is left, but a magestic memory."
Longfellow.

The most treasured pastime of T.H.S. seems to be athletics where good sportsmanship and skill is developed.

Basketball has proved to be the most loved sport that draws many enthusiastic participants as well as spectators. County tournaments climax the basketball season when the skill of county teams is tested.

During the early spring, students of all ages take part in track events.

T.H.S. offers not only basketball and track, but also volleyball, soccer, baseball, tennis, field hockey, and archery.

To become a good player and to maintain teamwork requires strenuous hours of practice and skilled instruction. Through sports, leadership, and co-operation are gained; healthful living is emphasized; scholarship is improved by the standards set for membership on teams.

Ideals of fair play, hard work, and respect for the game itself make sports beneficial to T.H.S.

BOYS EDGE THE GIRLS — SENIORS AT PHYS. ED.

One of the Seniors' greatest "treasures" will be the memory of the many happy physical education periods that we shared: the volleyball games, basketball games, and above all, the race to the shower rooms afterwards to get the hot water, if there was any. Below, the Seniors indulge in a fast-moving game of volleyball, one of the reasons why we come to school on Monday and Friday.

COACH ECKER'S TEAM IN ACTION!!!

Coach Ecker's team collides with opposing teams in the Carroll County Circuit taking six wins against six defeats. The first game, played in Union Bridge against the Wolverines, began with the Tigers out-scoring the Wolves 2 to 1 in the first frame. The 'Cinderella Team' halted the Tigers vicious attack in the first frame by using a more efficient defense and rallying to whip the Tigers 48 to 34.

The Tigers moved to a more favorable standing in the league by nosing out their next two opponents: Mt. Airy 45-29, and Hampstead 42-40.

Carroll County's Champs, the skeletoned Sykesvillers, again showed their power by wiping T.H. S. 63-28. With their spirits low, the team was edged 46-24 in their next game against the second team of the county — New Windsor.

Back with a spurt of energy — and the Manchester Yellow-Jackets felt the Tigers' claws as our boys tallied up a 57-48 win. The Wolverines went home with the next game, score U.B. 52 — T. H. S. 39.

The next two games were both exciting and dramatic as Taneytown edged Mt. Airy 38-32, and Hampstead fell 46-45.

Back came the County Champs with a 63-32 win over the Tigers and New Windsors's win of 63-41. Finally the season wound up in a very close game with T. H. S. vs. Manchester. Final score: T. H. S. 48 — M. H. S. 40.

Our new coach, Charlie Ecker, hailing from W. M. C. worked hard to promote cooperation, teamplay, and solid sportsmanship among his pace setting cagers. Coach Ecker has done well in producing a fourth place team with only two first-string veterans.

Congratulations Tigers!!! You played a good game *all* the way.

T. H. S. girls' speedball team had a successful year under the direction of their new coach, Miss Peggy Brown. The girls who were energetic enough to meet the requirements of the team were as follows: Captain, Arlene Fair, Dotty Morelock, JoAnn Koons, Wanda Mehring, Lois Clingan, Diane Thomas, Dottie Hartsock, Nancy Pennington, Betty Miller, Julia Humbert, Ruth Ridinger, Shirley Koons, Pat Wantz, Joan Miller, and Jean Wilson. Jean Wantz acted as manager and scorekeeper.

Three veterans with three years of experience are: Arlene Fair, Diane Thomas, and Dotty Morelock. The team also has two members with two years experience; Wanda Mehring and JoAnn Koons.

The team is appreciative and thankful to Miss Peggy Brown who donated most of her time and energy to the welfare of the basketball team. Coach Brown also promoted school spirit and furthered co-operation among the students of T. H. S.

There was much interest shown in basketball this year apparent in the large turnout in each afternoon practice.

In a sport that requires much co-operation among many girls for the success of the game, we have to give special thanks to Coach Peggy Brown, who has so patiently and willingly given basketball the touch needed to keep it one of today's most popular indoor sports for girls.

JUNIOR VARSITY

Members of the team from left to right are: Joan Miller, JoAnn Koons, Lois Fair, Mildred Bowling, Dorothy Foglesong, Wanda Mehring, Captain, Shirley Forsythe, Pat Wantz, Janet Forsythe, Shirley Koons, Dotty Morelock. Jean Wantz and Doris Ingram were manager and scorekeeper respectively.

Arlene Fair — The Tigerettes are going to miss Captain Arlene Fair next year. When she executes a hook shot, it's bound to count. Arlene was top scorer of the team and was highly regarded by team-mates and opponents alike.

Diane Thomas —
Rah! Rah! Rah!
Look at that score!
It's Diane Thomas
On the basketball
floor.

Diane has been a star forward of the basketball team for the past four years, as well as an outstanding athlete in other fields of sports.

Wanda Mehring —
One of the Tigerettes taller players is Wanda Mehring. She is a star in her own field, especially with those two-handed, over head shots. Her ability and good sportsmanship deserve much credit.

JoAnn Koons —
Although she plays on the Junior Varsity team, the Varsity would be at a disadvantage without her help and co-operation. She is a most efficient guard and can easily handle any forward.

Dotty Morelock —
Dotty is another of our able players who spends the major part of her spare time participating in sports. With speed and ability, Dotty remains a fine asset to the Tigerettes. The team certainly will regret the loss of this forward.

EXPRESSION of GRATITUDE ....

We, the class of '52 wish to express our deepest gratitude to those who helped in some way, whatever it may have been, to make this, our yearbook, a success.

Our appreciation to the business men and patrons interested in T.H. S. is hard to express. Their support of the Tahian was freely and graciously given.

We thank you all.
